

## Pre-Operation Instructions

Please read this important information about your pet's upcoming surgery!

- Please make sure that your pet does not eat after 10:00pm the night before surgery. Water is ok after 10:00 but no water the morning of surgery.
- Surgery drop off is between 7:30am and 8:00am. Please be on time.
- We accept cash, check, credit, or debit cards and payment is due in full at pick-up. If you need an estimate for your surgical procedure we can provide one for you at the time of drop-off.
- Pick up time is generally between 4pm and 5:30pm on the day of surgery. A staff member will call you after your pet's surgery to give you an update and a pick up time. If you are unable to come at that specific time, you must pick up your pet before 6pm. We do not board overnight.
- Important for SPAY (female) appointments: If we find your pet is obese, pregnant, or in heat, there will be an additional charge for your surgery. You may be unaware that your pet is in heat, or pregnant, or obese. These conditions are identified by the surgeon performing the procedure and the additional charges are non-negotiable.
